New Hampshire Medicaid Program

To: All NH Medicaid Providers
From: Division of Medicaid Services
Date: January 2026
Subject: Diagnosis Related Group (DRG) Repricing

Updated DRG relative weight and mean lengths of stay values were published in the August 04, 2025, edition of the Federal Register. This data will be used for calculating DRG allowed amounts for inpatient claims with dates of discharge between October 1, 2025, and September 30, 2026.

The DRG point rates are effective as of October 1, 2025. Please refer to Attachment 4.19-A at <https://www.dhhs.nh.gov/programs-services/medicaid/medicaid-state-plan> for information on payment for Inpatient Hospital Services reimbursement methodology and Trim Points.

Updated DRG grouper software has been installed to reflect changes in DRG classification and changes to ICD-10-CM diagnosis and procedure codes that are also effective October 1, 2025. Failure to submit claims using the current diagnosis and procedure codes may cause the claim to group to an incorrect DRG and pay incorrectly. Please refer to the current version of the ICD-10 Manual for added, deleted, and revised diagnosis and procedure codes. The new DRG Relative Weight/Price Table for Federal Fiscal Year 2026 can be found at the NH MMIS Health Enterprise, www.nhmmis.nh.gov. Click on the Documents and Forms quick links and then scroll to the Fee Schedule section.
