To: NH Medicaid Enrolled Medical Providers
From: NH Division of Medicaid Services
Date: November 16, 2023
Subject: Updated: COVID-19 Vaccine and Administration Codes

The [FDA has approved and authorized for emergency use](#) updated [Moderna](#) and [Pfizer-BioNTech](#) COVID-19 vaccines for ages 6 months and older. These vaccines, formulated to more closely target currently circulating variants and provide better protection against serious consequences of COVID-19, are effective as of 9/11/2023. The vaccines have been updated to include a monovalent (single) component that corresponds to the Omicron variant XBB.1.5.

Effective October 3rd 2023, [the FDA has approved and authorized for emergency use](#) the updated Novavax vaccine for ages 12 years and older. The vaccine has been updated to include a monovalent (single) component that corresponds to the Omicron variant XBB.1.5. The code for this vaccine has an updated rate of \$130.00 in effect as of 10/3/2023.

The federal government is no longer purchasing these COVID-19 vaccine products.
