Change Log

The Change Log is used to track all changes within this manual. Changes are approved by the State of NH. The column titles and descriptions include:

- Date Change to the Manual** Date the change was physically made to the manual.
- Effective Date** Date the change goes into effect. This date may represent a retroactive, current or future date. This date is also included in the text box located on the left margin where the content change was updated.
- Section/Sub-Section** Section/Sub-Section number(s) to which the change(s) are made.
- Change Description** Description of the change(s).
- Reason** A brief explanation for the change(s) including rule number if applicable.
- Related Communication** References any correspondence that relates to the change (ex: Bulletin, Provider Notice, Control Memo, etc.).

Date Change to Manual	Effective Date	Section/Sub-Section	Change Description	Reason	Related Communication

1. NH Medicaid Provider Billing Manuals Overview

New Hampshire (NH) Medicaid Provider Billing Manuals include two volumes, which must be used in conjunction with each other. Policies and requirements detailed in these manuals are established by the NH Department of Health and Human Services (DHHS), also referred to as the Department.

It is critical that the provider and the provider's staff be familiar with, and comply with, all information contained in the General Billing Manual – Volume I, and this Provider Specific Billing Manual – Volume II.

- The **General Billing Manual – Volume I:** Applies to every enrolled NH Medicaid provider (hereinafter referred to as the provider) who submits bills to NH Medicaid for payment. It includes *general policies and procedures* applicable to NH Medicaid such as provider responsibilities, verification of member eligibility, covered and non-covered services, service authorizations, medical necessity, third party liability, surveillance and utilization review/program integrity, access to fee schedules, claims processing, and obtaining reimbursement for providing services. This manual also includes general information on how to enroll as a NH Medicaid provider. The Appendices section encompasses a wide range of supplemental materials such as Fee Schedules, Contact Information, Provider Type List, Sample Forms and Instructions, as well as other general information.
- The **Provider Specific Billing Manual – Volume II:** Specific to a provider type and designed to guide the provider through *specific policies applicable to the provider type*.

Intended Audience

The General Billing Manual - Volume I, and the Provider Specific Billing Manual – Volume II, are designed for health care providers, their staff, and provider-designated billing agents.

These manuals are *not* designed for use by NH Medicaid members (hereinafter referred to as members).

Provider Accountability

Providers should maintain both billing manuals, make them available to their staff and authorized billing agents, and be aware of all policies and procedures, as well as any changes to policies and procedures, that relate directly or indirectly to the provision of services and the billing of services for members.

Document Disclaimer/Policy Interpretation

It is our intention that the provider billing manuals, as well as the information furnished to providers by the Communications staff of Xerox, the Department's fiscal agent, be accurate and timely. However, in the event of inconsistencies between Xerox and the Department regarding policy interpretation, the Department's interpretation of the policy language in question will control and govern.

Notifications & Updates

Providers are notified of NH Medicaid changes and any other changes applicable to participating providers through several types of media, including provider bulletins, provider notices, memos, letters, web site updates, newsletters and/or updated pages to the General Billing Manual – Volume I, and/or the Provider Specific Billing Manual – Volume II. It is important that providers share these documents with their billing agents and staff.

Billing Manual updates are distributed jointly by the Department and Xerox. Providers receive notification of manual updates through a message sent to each provider's message center inbox via the web.

Description of Change Log

All changes made to this manual are under change control management and are approved by the Department and/or its associated organizations. The change log is located at the front of this document.

Contacts for Billing Manual Inquiries

Billing manual inquiries may be directed to the Xerox Provider Relations Unit (refer to the General Billing Manual – Volume I, Appendices Section, for all Contact Information).

Questions relating to policy issues outlined in this manual may be directed to the Xerox Provider Relations Unit for referral to the appropriate Department contact.

2. Provider Participation & Ongoing Responsibilities

To receive payments for Wheelchair Van services, the provider must be enrolled in NH Medicaid.

Providers of wheelchair van services must ensure that all vehicles used for wheelchair van services have been registered in accordance with RSA 261:40, and have been inspected in accordance with RSA 266:1. In addition, the provider shall obtain and maintain vehicle insurance for medical payments, and for a minimum amount of \$750,000 of personal liability.

Wheelchair van services providers shall adhere to the following safety requirements:

1. Have a safety restraint system used to secure the wheelchair to the vehicle, designed to allow wheelchair movement of no more than 2-inches in any direction under normal operating conditions;
2. Safely restrain members, and themselves via the vehicle's lap, or lap and shoulder belt system; and
3. Secure all items in the vehicle at all times.

If the wheelchair is secured facing the rear of the vehicle, a padded barrier shall be provided and placed 38 inches from the vehicle floor to a height of 56 inches from the vehicle floor, at a width of 18 inches. The padded barrier shall be centered directly behind the seated member, and shall provide protection equivalent to a solid barrier.

Wheelchair lifts shall support a load of 600 pounds, and be equipped with side and loading edge barriers to prevent any wheels from rolling off the platform during operation.

Wheelchair ramps shall have barriers at least 2 inches high to prevent wheelchairs from slipping off the ramp, and

1. Support a load of 600 pounds, if the ramp is 30 inches or longer; or
2. Support a load of 300 pounds, if the ramp is shorter than 30 inches.

3. Covered Services

Wheelchair Van transport shall be covered to and from the following medical providers:

1. Acute care hospitals;
2. Medical clinics;
3. Rehabilitation centers; excluding substance abuse centers;
4. Physicians' offices;
5. Dentists' offices;
6. Lab and X-ray facilities;
7. Community mental health centers;
8. Vision care providers;
9. Outpatient physical therapy, speech therapy, and occupational therapy facilities;
10. Dialysis facilities;
11. Podiatrists' offices;
12. Adult medical day care;
13. Durable equipment suppliers; and
14. Pharmacies.

For round trips only, wait times are covered up to a maximum of two hours for trips to the medical providers listed above rounded to the nearest half hour.

Service Limits

Wheelchair van services shall be limited to 24 trips per member per state fiscal year (July 1 – June 30).

A one-way trip and a round trip each count as one trip towards the service limit. A round trip refers to transportation from a pick-up point, to a medical facility or provider's office, waiting for the member, and transporting the member back to the point of pick-up.

4. Non-Covered Services

The following services shall not be covered:

- Transportation by wheelchair van for purposes of the member, care giver or medical provider's convenience;
- Transportation by wheelchair van if there is free alternative transportation or free delivery available;
- Transportation to non-medical providers;
- Transportation to any provider to obtain services not covered under NH Medicaid.
- Any wait time associated with one way trips;
- Wait time that exceeds 2-hours for trips to medical services as identified in the "Covered Services" section above;
- The payment of tolls; and
- The payment of parking fees.

5. Service Authorizations (SA)

A service authorization (SA), also known as a prior authorization (PA), is an advance request for authorization of payment for a specific item or service.

Service authorizations are reviewed by a service authorization agent under contract with the Department. Because the service authorization agent can vary depending on the type of service provided, the contact information in the Appendices or on any SA related forms should be consulted for the name and method of contact.

A service authorization (SA) does not guarantee payment. Providers should verify the following before providing a service:

1. That the member is eligible on the date(s) of service;
2. That the performing and billing NH Medicaid providers are actively enrolled providers on the date(s) of service; and
3. That the Health Care Financing Administration (HCFA) Common Procedure Coding System (HCPCS) or Current Procedural Terminology (CPT) procedure code(s) and billing modifier(s) are active codes and valid combinations for billing under NH Medicaid.

All requests for consideration of additional wheelchair van services beyond the 24-trip limit shall require a service authorization from the Department before the member receives the additional services.

Requesting Service Authorization

Service authorization requests should be submitted on the Form 975, "Documentation to Support the Use of Wheelchair Van Services." This is a multi-purpose form. As specified in the "Documentation" section below, this form should already be completed and retained in the provider's files. If a service authorization is needed, copy the completed form, fill out the service limit override section at the bottom, and submit the form to the Department's service authorization agent as per the instructions on the form.

Approval or Denial of Service Authorization Requests

Service authorizations requested in accordance with all of the criteria shall be approved by the Department's service authorization agent if the agent determines that the requested additional services meet the definition of medical necessity or that coverage is supported by clinical documentation provided.

If the Department's service authorization agent approves the SA request, a written confirmation of the approval will be sent to the provider.

When a service authorization request is denied, written notice of the denial is mailed to the member, and a copy of the denial faxed to the ordering practitioner to include the following:

- Reason for the denial and why criteria was not met;
- Information on how the member can file an appeal; and
- Information that a denial may be appealed by the member within 30 calendar days from the date the denial was issued.

6. Documentation

Wheelchair van services providers must maintain supporting documentation for each service for which a claim has been submitted to NH Medicaid for reimbursement. Please see the “Record Keeping” section of the General Billing Manual – Volume I, for documentation requirements.

Providers must maintain clinical records to support claims submitted for reimbursement for a period of at least six years from the date of service or until resolution of any legal action(s) commenced in the six year period, whichever is longer.

Such documentation, as well as Form 975 and all other documentation described below, shall be provided when requested by the Department or by the Medicaid Fraud Control Unit of the NH Department of Justice (NHDOJ).

Form 975, “Documentation to Support the Use of Wheelchair Van Services,” must include the following information that supports each trip:

1. Member’s name;
2. Member’s NH Medicaid identification number;
3. Member’s date of birth;
4. Wheelchair van services provider’s name and telephone number;
5. Whether the wheelchair van services provider will be providing the wheelchair during transport;
6. Recipient documentation from the treating physician, PA, ARNP, or RN including:
 - a. Primary diagnosis;
 - b. Secondary diagnosis;
 - c. Date span of services requested, within the following time requirements:
 - 1) 90 days or less for acute conditions; or
 - 2) One year or less for chronic conditions;
 - d. Whether wheelchair van services are a temporary or long term need and the reason;
 - e. Whether the recipient requires a wheelchair for indoor or outdoor mobility;
 - f. Whether the recipient owns or rents a wheelchair;
 - g. Whether the recipient is able to utilize other modes of transportation without modifications, such as a public bus, taxi, or private automobile; and
 - h. The signature and printed name of the treating physician, PA, ARNP, or RN, title and date.

Wheelchair van services providers shall also retain the following documentation for each trip:

1. Origin;
2. Destination;
3. Date of service;
4. Driver’s name;
5. Time of pick-up and drop off;
6. Amount of wait time if applicable;

7. Loaded mileage incurred; and
8. Names and number of members transported concurrently during each trip.

Wheelchair van services providers shall retain the following documentation concerning the safety of wheelchair vans used for transporting members:

1. Proof that the vehicle was registered in accordance with RSA 261:40 and inspected in accordance with RSA 266:1, during the time of Medicaid wheelchair van service; and
2. Proof of insurance for medical payments and for a minimum amount of \$750,000 of personal liability during the time period that services were delivered.

7. Surveillance and Utilization Review (SURS) – Program Integrity

The purpose of a Medicaid Surveillance and Utilization Review (SURS) program which, in NH, is administered by the Department's Program Integrity Unit is to perform utilization review activities to identify, prevent, detect, and correct potential occurrences of fraud, waste and abuse. These utilization review activities are required and carried out in accordance with Federal regulations at 42 CFR 455 and 42 CFR 456, and they are done to ensure that accurate and proper reimbursement has been made for care, services and/or supplies that have been provided to a member, and for which a provider has received payment.

Utilization review activities may be conducted prior to payment, following payment, or both. These activities include, but are not limited to, conducting provider reviews. These reviews may be selected at random, generated from member complaints, other providers, anonymous calls, or from the SURS reporting system.

There are various outcomes that may result from Program Integrity review activities. They include, but are not limited to:

1. Recovery of erroneous and improper provider payments;
2. Provider education regarding appropriate documentation to support the submission and payment of claims;
3. Ensuring that the provider has developed a corrective action plan based on the findings of the review. This includes conducting follow-up reviews to verify that the provider is complying with the corrective action plan, and continues to provide and bill for services provided to members, in accordance with the rules and regulations governing the NH Medicaid Program;
4. Potential referral to appropriate legal authorities – including the NH Medicaid Fraud Control Unit (MFCU) and the Federal Office of Inspector General (OIG);
5. Potential termination from the NH Medicaid Program; or
6. Other administrative actions.

If a provider is found to have abused the NH Medicaid program requirements, the provider may be restricted, through suspension or otherwise, from participating in the NH Medicaid program for a reasonable period of time. In addition, the provider may also have their claims placed on a prepayment pend or hold status for additional review by the Program Integrity Unit.

For additional information regarding utilization review, please refer to the SURS – Program Integrity section of the General Billing Manual – Volume 1.

8. Adverse Actions

An adverse action may be taken by the Department due to a provider's non-compliance with Federal regulations, State laws, Department rules, policies or procedures. Refer to Section 10 of the General Billing Manual – Volume I – regarding the types of adverse actions the Department is authorized to take against non-compliant providers.

9. Medicare/Third Party Coverage

Under federal law, the Medicaid is the *payer of last resort*. All third party obligations must be exhausted before claims can be submitted to Xerox in accordance with 42 CFR 433.139, except for Medicaid only services and claims for prenatal care of pregnant women or claims for preventive pediatric services, including EPSDT (this includes dental and orthodontic services in New Hampshire). Additional information on exclusions is outlined in this section or in the General Billing Manual – Volume 1. Providers who receive payment in full from a third party are not required to file zero-payment claims with NH Medicaid.

A provider must first submit a claim to the third party within the third party's time limitations. If a third party or primary insurance plan does not pay at or in excess of the applicable NH Medicaid reimbursement level, a provider may submit a claim to NH Medicaid, which is processed based on the applicable reimbursement rate minus any payment received from all other resources. Commercial health insurance coverage often provides a higher payment than does NH Medicaid.

When a third party denies a claim, for any reason, a copy of the notice of denial from the third party **must be included** behind the claim submitted to NH Medicaid. When Medicare denies a claim, a copy of the Explanation of Medicare Benefits must be attached behind the claim that is submitted. For claims not submitted on paper, the Medicare or third-party denial is considered a claim attachment.

Detailed Medicare/Third Party Liability (TPL) information is found in the General Billing Manual, including handling discrepancies in TPL resource information, correcting erroneous TPL information, and exceptions to third party filing requirements.

When a NH Medicaid member is also covered by Medicare, the provider must bill Medicare for all services before billing NH Medicaid. The provider must accept assignment of Medicare benefits in order for the claim to “cross over” to NH Medicaid. The crossover process works only for Medicare approved services; Medicare denied services and Medicare non-covered services are addressed in this section. NH Medicaid pays crossover claims only if the service is covered by NH Medicaid.

Certain services that are not covered by Medicare *may* be covered by NH Medicaid for dually eligible members. Services identified in the Medicare billing manual and HCPCS coding manuals as non-covered by Medicare may be billed directly to NH Medicaid, who will determine whether or not the service is covered and can be reimbursed by NH Medicaid.

This does not apply to QMB Only members whose benefits are limited to the Medicare premiums and payment toward the Medicare deductible and coinsurance. Therefore, if Medicare does not cover the service, there is no NH Medicaid payment available for QMB members.

Detailed Medicare/Third Party Coverage guidelines are found in the General Billing Manual – Volume I.

10. Payment Policies

Payment for wheelchair van services shall be made in accordance with the rates established by the Department. Mileage payment shall be based on the most direct route to and from a destination.

In accordance with He-W 573, payments for wheelchair van services shall consist of the following components:

1. A base rate, which shall include the first 5 miles of travel, be paid once only for a single one-way trip or round trip, and be paid twice for two one-way trips for the same member on the same day, and
2. A mileage rate, which shall be paid for loaded miles only, which includes the distance traveled while transporting members from a pick-up point to a drop-off point, and:
 - a. Does not include mileage incurred on the way to pick up a member or back from dropping off a member;
 - b. Does not include the first five miles;
 - c. Must be paid only once per trip regardless of the number of members transported; and
3. Wait time only if round trip and up to a maximum of 2 hours.

11. Claims

All providers participating in NH Medicaid must submit claims to the fiscal agent in accordance with NH Medicaid guidelines. Providers should note that NH Medicaid claim completion requirements may be different than those for other payers, previous fiscal agents, or fiscal agents in other states.

Providers participating in NH Medicaid are responsible for timely and accurate billing. If NH Medicaid does not pay due to billing practices of the provider which result in non-payment, the provider cannot bill the member.

Claim completion guidelines in this manual should be followed for instructions on specific fields. The NH Specific Companion Guide, which can be found at www.nhmmis.nh.gov (see provider manuals under the provider tab), should be used for electronic claim filing instructions. While field-by-field requirements are shown for paper claims; the same required data is captured through web portal claim entry and through electronic submissions to EDI. Web portal submissions feature step-by-step claim completion instructions as well as tools such as Online Help to assist providers in correct claim completion.

Regardless of the method claims are submitted, information submitted on the claim by the provider represents a legal document. Neither the fiscal agent nor State staff can alter any data on a submitted claim.

The following claim-related topics are found in the General Billing Manual – Volume I:

- Claims Submission via EDI, web portal, paper
- Claims processing – edits & audits, transaction control numbers, line item vs. header processing, claim status, remark/EOB codes
- Claim Resubmission
- Claim adjustments and voids
- Medicare cross-overs
- Claims payment
- Remittance Advice

Providers will be notified of payment or denial via a Remittance Advice, usually received in electronic format or via the web portal.

Denied claims should be resubmitted only if the reason for the denial has been corrected.

Paid claims cannot be resubmitted; resubmission of a paid claim will result in a denial as a duplicate. Paid claim corrections must be made through the adjustment process. If a paid claim has a line item denial, the individual line charge can be resubmitted.

Corrected claims and denied line items can be resubmitted only if the denial was due to erroneous, updated or missing information which is now corrected. Providers should never resubmit claims that are currently in process (suspended).

Any claim denied for failure to be submitted or resubmitted in accordance with timely filing standards will not be paid. Denied claims that have been corrected must be resubmitted as a new claims transaction on paper, via the web portal, or electronically via EDI.

Timely Filing

In accordance with federal and state requirements, all providers must submit all initial claims within one year following the earliest date of service on the claim.

Except as noted below, NH Medicaid will **not** pay claims that are **not** submitted within the one-year time frame.

Claims that are beyond the one-year filing limit, that have previously been submitted and denied, must be resubmitted on paper, along with Form 957x, "Override Request" located on the NH MMIS Health Enterprise Portal web site at www.nhmmis.nh.gov. A copy of the RA with the original billing date and the denial circled must also be attached. This resubmission **must** be received **within 15 months** of the date of service. If this time frame is not met, the claim will be denied.

The only other circumstance eligible for consideration under the one-year override process is for claims for NH Medicaid covered services for members whose NH Medicaid eligibility determination was delayed. The claim should be submitted as detailed above.

Diagnosis & Procedure Codes

All NH Medicaid services must be billed using the appropriate industry-standard diagnosis and procedure codes. One procedure code must be provided for each charge billed.

- For medical services, the NH Medicaid Program requires the use of Health Care Financing Administration Common Procedure Coding System (HCPCS) codes, CPT (Current Procedural Terminology) codes and modifiers.

ICD-9-CM diagnosis codes are required for all services billed on medical forms (CMS-1500). Claims without the required diagnosis or procedure codes will be denied.

Required Claim Attachments

All attachments must be submitted in hardcopy or via fax. Providers that submit claims on paper claims should have the claim attachment stapled behind the claim form. Providers that submit claims electronically or via the NH MMIS Health Enterprise Portal must first submit the claim and obtain a Transaction Control Number (TCN) for the line requiring the attachment. Attachments in hard-copy format must then be sent to the fiscal agent with a cover sheet identifying the TCN for the claim. Failure to provide the TCN on the submitted attachments could result in claim denial due to missing or incomplete information.

When submitting a claim via the NH MMIS Health Enterprise Portal, providers must indicate in the claim form if there is an attachment to support the claim. Providers should answer yes to the question “Does this claim have attachments?” and click “Add Attachment” **Note:** Please select Delivery Method “by Mail” or “by Fax” to submit attachments.

Type Attachment	Delivery Method	Attachment Control #
No Data		

Following claim submission a confirmation page will generate. Please print the confirmation page and submit it as a cover page with the claim attachments. If you are unable to print the confirmation page please write the 17 digit TCN on the attachment.

- **Please mail claim attachments to:**
Xerox Claims Unit
PO Box 2003
Concord, NH 03302
- **Please fax claim attachments to:**
(888) 495-8169

If you are submitting EDI claims, paper attachments to Electronic 837P claims are indicated in the 2300 PWK segment, the 2400 PWK segment, or both. The hard copy attachment is submitted via fax or on paper and linked to the related claim by means of an Attachment ID (your TCN).

Examples of , but not inclusive of, when a claim attachment is required are when another insurer is primary and has denied coverage for the service or a 957x form is required because the filing limit was not met.

Claim Completion Requirements for Wheelchair Van Transportation

Wheelchair van providers are required to submit claims to NH Medicaid using the CMS1500 paper form or the electronic version, an 837P.

Paper claims are imaged and will then go through the OCR process as the first steps in claim processing and payment. You can prevent delays to your anticipated payment date by following these suggestions:

1. DO NOT submit laser printed red claim forms.
2. DO NOT use highlighters on any claim form(s) or adjustments(s). Highlighted area show up as black lines, just as they do when highlighted forms are photocopied or faxed.

3. DO submit only RED UB-04 or HCFA claims forms. Fixed claims or claim copies will not be accepted.
4. DO use typewritten (BLOCK lettering) print when filling out claim forms; handwritten or script claims can cause delays and errors in processing.
5. DO ensure that your printers are properly aligned, and that your print is dark and legible, if you are using a printer to create claim forms.
6. DO use only black ink on ALL claims or adjustment that you submit to Xerox. The Xerox imaging/OCR system reads only black ink.
7. DO make all appropriate corrections prior to re-submitting the claim(s) or adjustment(s).
8. DO call the NH Medicaid Provider Relations Unit at (603) 223-4774 or 1 (866) 291-1674 if you have questions.

Paper claims and other documents can be mailed to:

Xerox State Healthcare LLC
 PO Box 2003
 Concord, NH 03302-2003

The CMS1500 form must be both signed and dated, on or after the last date of service on the claim, in box 31. An actual signature or signature stamp is required – typed provider name or signature on file will not be adequate. Please note that anyone authorized by the provider or company is allowed to sign the form based on the company's own policy for authorized signers.

Once your claim is processed you will receive a claim number or transaction control number (TCN). This is a 17 digit number.

Example: 13091831230000050 *Breakdown:* 13091 8 3123 000005 0

The format is: YYDDD M BBBB NNNNNN T, where

- YYDDD is the Julian date when the batch was created.
- M is the media source, such as 1-web, 2-Elec Xover, 3-EMC, 4-System Generated, 5-Encounter, 7-OCR and 8-Paper.
- BBBB is the batch number.
- NNNNNN is the document number.
- T is the transaction type.

NH Medicaid requires the submission of a carrier code to identify other insurance coverage. A carrier code is a ten (10) digit code created by New Hampshire which identifies who the primary insurance carrier is. It is used in place of the insurance carrier name to streamline the claims processing. This code is used in the appropriate field on a claim, for:

- CMS-1500 (or professional claim), it is box 9D.

For example: One of the most common used is Medicare Part D carrier ID: 0000008888.

The list of Carrier IDs for other insurance companies can be accessed on nhmmis.nh.gov Web Site

- On the Documentation menu, click Documents & Forms.
- On the Documents & Forms page, click the Carrier ID link
- To print a copy, right click and select Print to your local printer.

If the insurance company is not listed, contact the Third Party Liability Call Center at (603) 223-4774 or 1 (866) 291-1674 for the correct code to use.

CMS-1500 Claim Form Instructions

Item #	Description	Instructions
1		Check Medicaid
1a.	Insured's ID Number	Required - Enter the NH Medicaid ID number (11 characters) shown on the ID card.
2	Patient's Name	Required - Enter the last name, first name, and middle initial as shown on the ID card.
3	Patient's Birth Date (8 digits), Sex	Required Must be valid date mm/dd/ccyy
4	Insured's Name	Last Name, First Name, MI
5	Patient's Address (Multiple Fields) Member's mailing address	City, State, Zip Code
6	Patient Relationship to Insured	N/A
7	Insured's Address	If selected, city, state, zip code, and telephone. If not selected default to "self".
8	Patient Status	N/A
9	Other Insured's Name	When additional group health coverage exists, enter other insured's full name if it is different from that shown in Item Number 2. Last Name, First Name, MI If Item # 11d is marked, complete fields #9 and #9a-d, otherwise leave blank.
9 a.	Other Insured's Policy or Group Number	Situational - provide policy number if applicable. Must be 12 or less alpha-numeric characters.
9 b.	Other Insured's Date of Birth	N/A
9 c.	Employer's Name or School Name	N/A

Item #	Description	Instructions
9 d.	Insurance Plan Name or Program Name	Required ~ Required - Required - if other insurance and 11D= yes enter the NH Medicaid specific 10-digit carrier code Codes can located on the NH MMIS Health Enterprise Portal under documents section
10 a-c	Is Patient's Condition Related To?	Required Enter an X in the correct box to indicate whether one or more of the services described in Item # 24 are for a condition or injury that occurred on the job or as a result of an automobile or other accident. Mark <u>one</u> box only on each line.
10 d.	Reserved for Local Use	
11	Insured's Policy, Group or FECA Number	Situational ~ Enter the insured's policy or group number as it appears on the insured's health care identification card.
11 a.	Insured's Date of Birth (8 digits)	Must be valid date mmddccyy
11 b.	Insured's Employer's Name or School Number The name of the insured's employer or school.	N/A
11 c.	Insurance Plan or Program Name	N/A
11 d.	Is There Another Health Benefit Plan?	Enter an X in the correct box. If marked "YES," complete #9 and # 9a-d and list denial in #19 or payment in #29. Mark <u>one</u> box only.
12	Patient's or Authorized Person's Signature	N/A
13	Insured's or Authorized Person's Signature	N/A
14	Date of Current Illness, Injury, Pregnancy	Situational – Enter if "YES" is present in Item #10 Must be a valid format mmddccyy
15	If Patient Has Had Same or Similar Illness	Date format mm/dd/ccyy

Item #	Description	Instructions
16	Dates Patient Unable to Work in Current Occupation	Date format mm/dd/ccyy
17	Name of Referring Provider	Required – when billing radiology, Lab , DME Last name, First Name, and MI If multiple providers are involved, enter one provider using the priority order: #\1. Referring Provider, 2. Ordering Provider, 3. Supervising Provider
17 a.	Other ID Number (2 digits)	Use two digit qualifier ZZ and the appropriate Taxonomy Code. Enter up to 9 characters.
17 b.	NPI Number	Enter the NPI number of the referring, ordering, or supervising provider. Entry must be 10 numeric digits.
18	Hospitalization Dates Related to Current Service	Optional Date format mmddccyy
19	Reserved for Local Use	
20	Outside Lab? \$ Charges	“Y” or “N” or Blank. Amount must be between 0 and 999999.
21	Diagnoses or Nature of Illness or Injury	Required - Relate Items #1, #2, #3 or #4 to #24E by line Enter the patient’s diagnosis/condition. List up to four ICD-9-CM diagnosis codes. Do <u>not</u> provide narrative description in this field. Must be a valid diagnosis.
22	Medicaid Resubmission Code	List the original Transaction Control Number (TCN) for resubmitted claims.
23	Service Authorization Number (12 characters)	Required - if applicable enter Service Authorization Number. Must be 12 characters **Not being used at this time**
