

STATE OF NEW HAMPSHIRE
DEPARTMENT OF HEALTH AND HUMAN SERVICES

New Hampshire Medicaid Program

To: NH Medicaid Billing Providers
From: New Hampshire Medicaid's Fee-for-Service Program
Date: August 21, 2019
Subject: Enrollment of Ordering, Referring, or Prescribing (ORP) Providers

Beginning September 3, 2019, non-Medicaid providers who order, refer, or prescribe for NH Medicaid beneficiaries in the state's fee-for-service (FFS) program must enroll with NH Medicaid. This requirement also applies to medical and dental providers who write prescriptions. The ORP Federal regulation only applies to FFS. The ORP enrollment requirement does not apply to providers listed on claims submitted to the Managed Care Organizations (MCOs). For each Managed Care Organization's policy, please refer to your provider contract and the MCO's enrollment and claims processing requirements.

As outlined in Federal regulation 42 CFR 455.410, if an ORP provider is required or listed on a FFS claim, they must be enrolled with NH Medicaid and their NPI must be included on the claim. A referring provider is not required on the claim but if one is listed, then that referring provider must be enrolled in NH Medicaid.

If a provider is enrolled with NH Medicaid, as either a billing or rendering provider, they do NOT have to enroll as an ORP provider. NH Medicaid has a new, streamlined online application for all non-billing providers: Rendering or ORP. This shortened enrollment application will be available on the MMIS portal the first week of September 2019.

At a future date not yet determined, fee-for-service claims will deny if the listed ORP provider is not enrolled in NH Medicaid or if an ORP provider is required but not listed on the claim.

Please contact NH Medicaid Provider Relations at 866-291-1674 if you have questions about ORP enrollment.
